Join us at the

International Conference on Sustainable Forest Development in View of Climate Change (SFDCC-2016)

Climate change poses a potential threat to tropical forest, however, the impact will be slow and difficult to measure. But since the tropical forest ecosystem, plays a major various roles in global carbon sequestration, regulating water and flood in river basin, source of timber products and providing income to local communities. Hence, it is pertinent to review the impacts of climate change on these values of tropical forest based on the knowledge that has been gathered and accumulated through research over the years.

Malaysia is fully committed to address issues related to climate change, where in Rio's conference 1992 Malaysia pledged to maintain 50% of land area under permanent forest cover and the same statement was reiterated in Copenhagen in 2009. Malaysia became a Non-Annex 1 Party to the United Nations Framework Convention on Climate Change (UNFCCC) when it ratified the UNFCCC in 1994. Later Malaysia ratified the Kyoto Protocol in 2004. Recently, in 2015 Paris Climate Conference, (COP21), Malaysia has reiterated its commitment to retain 50% of its forest areas after signing an agreement with 195 countries to try and limit the rise in global temperatures to less than 2°C.

This can be achieved by managing forest sustainably. Hence, the primary goal of the conference is to promote scientific information interchange between researchers in various related field of forestry and climate change. The conference provides a platform for scientists, professionals, policy makers, managers and environmentalists to share and exchange ideas on issues. The proposed two days conference will provide ample opportunity to deliberate on these issues by distinguished speakers related to their field of expertise. The conference will ensure a balance representation of papers on each topic that has been identified. Besides, indulging on a serious discussion during the technical sessions, participants to the conference will have the opportunity to experience and share the effort made by Malaysia with regard to sustainable management of the resource, man-made forest and beautiful botanical garden in fast developing federal administrative centre of Putrajaya.

Important Dates

31 March 2016

Deadline submission of abstract
(Should be submitted to: sfdcc2016@gmail.com)

30 April 2016

Notification of acceptance of abstract

30 June 2016

Full paper submission

9-10 August 2016

Conference

Themes

- Biodiversity and ecology
- Climate change and hydrology
- Forest biotechnology
- Forest operation and ergonomics
- Forest management
- Forest plantation and silviculture
- Forest products and services
- Social and forest economy
- Forest recreation and ecotourism

Pre Conference Workshop

Precision in tropical forestry using latest relevant technology

Venue : Sultan Idris Shah Forest Education Center (SISFEC),
Ayer Hitam Forest Reserve, Kuala Lumpur

Date : 8 August 2016

Instructor: Dr. Alias Sood (Precision Research Group)

Contents:

- The application of drone technology in tropical forest management
- Demonstration of operating drone in SISFEC
- Ground survey by trekking to Blue Lagoon, SISFEC
- Drone data processing

Contact person:

Dr. Norizah Kamarudin

☎ 03-8946 8281 @norizah_k@upm.edu.my

Registration Fees

Pre-Conference Workshop (8 August 2016)

(Including accomodation, transport and foods)

International Participant	USD 100
Local Participant	RM 300

Conference (9-10 August 2016)

(Including conference dinner)

Early Bird
(31 March 2016)

Local Participant	RM 850	RM 1000
International Participant	USD 350	USD 500
Local Student	RM 500	RM 800
International Student	USD 250	USD 400
Local Accompany Person	RM 300	RM 300
International Accompany Person	USD 100	USD 100

Post-Conference Tour (11 August 2016)

Route 1: 1 Day Trip to Putrajaya (Including transport and entrance fee)	RM 150
Route 2: 2D1N Trip to Matang Mangrove (Including accommodation, transport, boat ride and entrance fee)	RM 350

Methods of Payment

Cheque:

Cheque in MYR must be payable to **BENDAHARI UPM**. Please remember to indicate that the payment is for **SFDCC-2016**, with registrant's name and contact number at the back of the cheque.

Invoice:

If you need an invoice to make payment please email us at:
sfdcc2016@gmail.com

Bank Transfer:

Bank	CIMB Bank Berhad
Branch	UPM Serdang
Bank Address	Ground Floor, Block B, Bangunan Pelajar, 43400 UPM Serdang, Selangor, Malaysia.
Account number	80-0215196-3
Beneficiary name	Kira-kira AM UPM
Beneficiary address	Universiti Putra Malaysia
Swift code	CIBBMYKL
